**Dr. Sanjay Das**  
Organising Chairperson  
POSICON-2023

On behalf of the Organizing committee, It is my proud privilege and honour to welcome & invite all the faculties, distinguished guests and delegates to the 29th Annual Conference Paediatric Orthopaedic Society of India (POSICON - 2023) to be held at SWOSTI PREMIUM, BHUBANESWAR, ODISHA from 10th - 12th February 2023.

Annual conference provides an ideal platform for interaction, discussion, sharing of views and experiences for the members and while in the process they update on the recent advances made in the field of Paediatric Orthopaedics learning directly from eminent International and National faculties. This year the conference theme has been rightly selected "Challenges in Paediatric Orthopaedics - Past, Present and Future". An exciting and informative scientific Programme including workshops is being planned with deep interactive discussion and debates on the controversies and learning the practical tips & tricks directly from the Masters.

The dynamic organising team are committed to keep their promises and will leave no stone unturned to make this 3 days action packed extravaganza a memorable one. We eagerly look forward to welcome you with family at Bhubaneswar to experience a unique and memorable POSICON-2023.

Dr. Sanjay Das

**Dr. Sakti Prasad Das**  
Organising Secretary  
POSICON-2023

Esteemed Members of POSI,

It's a great honor and privilege to have been bestowed upon us the 29th POSICON, 2023 which is a POSI- POSNA meet at Temple city, Bhubaneswar, Odisha and as the Organizing Secretary I take this opportunity to invite all my fellow fraternity to Bhubaneswar, the ideal destination for such a event .

Education, training and fellowship forms the backbone of POSI's Golden mission. I have complete faith in my young, energetic, devoted organizing team & their responsibilities and I am sure our mighty efforts will ignite the Association in all spheres and the glow from this fire can show light to our dreamt Mission-Vision. I hope this congress would be the largest podium to showcase the scientific work done by the members. We expect the best of the surgeons to participate in this scientific extravaganza, but we as organizers would be instrumental in bringing together the best minds in our field of paediatric orthopedic surgery.

Theme of the conference is – "Challenges in paediatric Orthopaedics - Past, Present and Future"

POSICON 2023 Bhubaneswar would be model conference & delegate centric, 1st of its kind, where you will witness improved academics with compact scientific sessions along with social events.

Apart from scientific agenda we have planned social events of visiting the best of the tourist destinations of Odisha which would be within your reach.

Looking forward to meet and greet you personally at Bhubaneswar.

JAI HIND. LONG LIVE POSI !!!

Dr. Sakti Prasad Das
